

2006 Primary Legislative Endorsements

LawyersAction is a non-partisan, independent political action committee organized under Chapter 106 of the Florida Election Code. It is composed of lawyers across a broad spectrum of practice areas, and dedicated to protecting Florida's legal profession and an impartial judiciary.

LawyersAction analyzed key votes on issues including: regulation of the legal profession, funding for legal services and the judiciary, and court rules of practice and procedure. It also sent a questionnaire to every candidate seeking their positions on a wide variety of issues affecting the legal profession and judiciary. Based on a review of the voting records for incumbents seeking re-election and the questionnaire responses for non-incumbents, the Board of Directors for LawyersAction determined if a particular candidate merited endorsement for the September 2006 Primary Election.

Throughout the year, LawyersAction will continue to endorse candidates that support our mission of protecting the independence of the judiciary and the legal profession.

The following is a list of those candidates endorsed by LawyersAction for the primary election.

House District 34: Representative David Mealor
