

# LAWYERSACTION

## Legislative Endorsements

LawyersAction is a non-partisan, independent political action committee organized under Chapter 106 of the Florida Election Code. It is composed exclusively of lawyers across a broad spectrum of practice areas including real estate, probate, corporate, family, trial, eminent domain, admiralty and other fields.

LawyersAction sent every legislative candidate a questionnaire to determine their positions on a number of issues, including: judicial nominating commissions; regulation of the legal profession; taxation of legal services; funding for legal services; and court rules of practice and procedure.

Based on answers to these questions and a review of the voting records for incumbents seeking re-election the Board of LawyersAction determined if a particular candidate merited endorsement on the November

2004 General Election. (Candidates were not considered for endorsement if they failed to return a questionnaire or were unopposed in the General Election.)

The following is a list of those candidates endorsed by LawyersAction.
